

# Lamps Market of the Russian Federation in 2010-2014 and Development Forecast until 2020

## The market of energy saving lamps in Russia has increased by 80 % over 5 years

A Federal Law N 261-FZ «On Energy Efficiency» put in force in 2009 and rapid development of LED technology had decisive influence on the development of the market. As a result, the volume of energy saving lamps has increased by 80% over 5 years.

This report analyzes and provides information on:

- Macroeconomic factors influencing the Lamps market development and their analyses in 2010-2020
- Lamps market capacity as a whole and per lamp types in volume and value in the period of 2010-2014
- Lamps market structure per lamp and cap types in 2014
- The structure of Consumer and Professional market segments and their distribution by Federal Districts of Russia
- Lamps Distribution Channels in 2014
- Forecast of the market development for the period of 2015-2020

### Key objectives of the research

- ✓ Analyses of production, import and export of Lamps in 2010-2014
- ✓ Valuation of the annual capacity of the market and its structure analyses per lamps type for the period of 2010-2014.
- ✓ Analyses of the Lamps market structure per lamp and cap types in 2014
- ✓ Segments (Consumer and Professional) and Distribution channels Analysis for 2014
- ✓ Work out a forecast of the Russian Lamps market development up to 2020

### Who needs this report

- ✓ Lighting manufacturing companies
- ✓ Components producers and vendors
- ✓ Retail chains
- ✓ Electrical Distribution companies
- ✓ Lighting Industry Associations
- ✓ Investor Community

### Why You need this report

- Evidence-based information of the market will enable You to:
- ✓ carry out product portfolio analyses
  - ✓ choose most promising distribution channels
  - ✓ analyse and adjust You midterm company strategy for Russia

## Report details

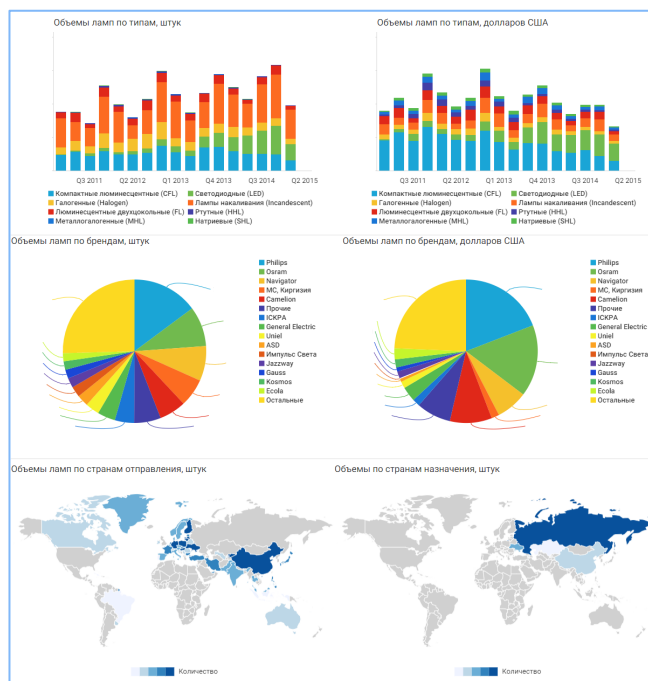

Date of release	July 2015
Format	<ul style="list-style-type: none"> <li>✓ PDF</li> <li>✓ Interactive Interface (dashboard)</li> </ul>
Data Sources	<ul style="list-style-type: none"> <li>✓ Survey of manufacturing companies</li> <li>✓ Customs statistics of the Russian Federation</li> <li>✓ The data of Rosstat (Russian Federal State Statistics Service)</li> <li>✓ Rating and information agencies</li> </ul>

## Table of Contents

1. Abbreviations
2. Goal of the research
3. Tasks of the research
4. Methodology
5. Assumptions
6. Macroeconomic factors influencing lamps market development
7. Lamps market development
  - 7.1.Import overview in 2010-2014
  - 7.2.Export overview in 2010-2014
  - 7.3.Production overview in 2010-2014
  - 7.4.Market capacity in 2010-2014
  - 7.5.Lamps market analysis by lamp type
    - 7.5.1. Incandescent lamps
    - 7.5.2. Halogen lamps
    - 7.5.3. Compact fluorescent lamps
    - 7.5.4. LED lamps
    - 7.5.5. Double capped fluorescent lamps
    - 7.5.6. Sodium lamps
    - 7.5.7. Mercury lamps
    - 7.5.8. Metalhalide lamps
8. Consumer and professional market segments
  - 8.1.Consumer segment
  - 8.2.Professional segment
9. Distribution channels
10. Lamps market development forecast in 2015-2020
11. Conclusions

Report contains 158 diagrams и 4 tables.
